### Education & Certifications

- 🎓 MBA (ESG track)
- 🎓 Master of Safety Engineering
- 🎓 Bachelor of Industrial Safety Engineering
- ⚙️ NEBOSH IGC
- ⚙️ ISO 45001/14001/9001 Registered Auditor
- ⚙️ Completed various global EHS professional programs

### Professional Summary

An EHS professional with 20+ years of experience across automotive, chemicals, electronics, medical devices, and pharma/biotech. Specializing in adapting global enterprise systems to site-level execution, delivering practical solutions that cover ISO 45001/14001 certification, global supply chain audit response, and Korea's Serious Accidents Punishment Act (SAPA) compliance — all in one integrated approach.

### Key Competencies

- ✔️ **Global Standard Implementation**  
Translating and embedding global standards into site-executable systems
- ✔️ **Global Audit**  
Audit response for Avetta, ISNetwork, and OEM client assessments
- ✔️ **ISO 45001/14001 System Build**  
Tailored consulting for EHS management system certification and implementation
- ✔️ **Local EHS Regulation Response**  
Building executive accountability compliance frameworks under the Serious Accidents Punishment Act
- ✔️ **Supply Chain Governance**  
Operating contractor safety assessment and risk-tiering models
- ✔️ **Comprehensive EHS Training**  
Customized training programs linking global EHS standards with local regulatory requirements

### Industry Highlights

#### 🚗 Automotive (GM Korea)

Deployed GM Global H&S System across all domestic and overseas sites (including high-risk programs: LOTO, Fall Protection, etc.)

#### 🧪 Chemical (Dow Corning)

PSM and chemical safety management, HAZOP, Responsible Care® operations

#### 📱 Electronics (LG)

HQ-level global EHS strategy planning, EESH Audit Framework development

#### 🏥 Healthcare (GE Healthcare)

Integrated EHS management for medical device manufacturing sites, GE EHS Framework 2.0

#### 💊 Pharma/Bio (J&J, SK)

Enterprise and plant/R&D center integrated EHS management for global and major pharmaceutical/biotech operations

#### 🛒 NEBOSH, ISO 45001 / 14001

Professional audit & supply chain governance consulting capabilities backed by globally recognized EHS qualifications

### Why OH&S Bridge?

- 🌟 **Field-Proven Expertise**
